

TCAT - KNOXVILLE
PART-TIME AND EVENING PROGRAMS

The Tennessee College of Applied Technology - Knoxville is pleased to offer a selection of courses that are designed to accommodate your busy schedule. Compare the cost and length of our courses and we know you will choose TCAT - Knoxville for your training.

The Tennessee College of Applied Technology - Knoxville reserves the right to make changes as needed in course offerings, curricula, academic policies, instructors, schedules, room numbers and other matters. Courses must have a minimum number of students in order to be offered. The cost for books and supplies are estimated and may change without notice.

FALL 2017 BREAKS

Sept. 5	Trimester Begins	Nov. 23-24	Holidays
Oct. 12-13.....	Fall Break	Dec. 19.....	Trimester Ends

Unscheduled school closures are announced via SchoolCast, a rapid alert and emergency notification system that enables our school to reach students, faculty and staff, within moments through a variety of popular communications methods, as well as on all major Knoxville radio and television stations. There are 27 Tennessee Colleges of Applied Technology across the state. Please pay close attention to college's location and emergency school closings.

The Tennessee College of Applied Technology Knoxville is a Tennessee Board of Regents institution. For the most up to date information about our part time programs, please visit:

TCATK is an AA/EEO institution governed by the Tennessee Board of Regents

CDL REFRESHER

Do you have a Commercial Driver License (CDL) Class A or B license but have been off the road for a while? The professional truck driving instructors at TCAT Knoxville can help you get back on the road with confidence. TCAT Knoxville provides a 40 hour refresher course for individuals with recent driving experience that need to sharpen their past skills. If you need to document your driving abilities for a potential employer, you must successfully complete an evaluation of your pre-trip planning, range maneuvering, and road handling. The refresher course is custom scheduled and setup as one-on-one sessions with an instructor. Please contact Yolanda Williams for more information at (865)766-4341. Cost: \$980

Prerequisite: Current class A or B CDL license and DOT physical card

INTRODUCTION TO MEDICAL INSURANCE CODING AND BILLING

This 80 hour course includes medical terminology, insurance coding, and procedures used in medical offices. Cost: \$646

INTERMEDIATE MEDICAL INSURANCE CODING AND BILLING

A continuation of the introductory class, this 80 hour course provides more advanced coding and billing skills. A review of the CPC National Certification Examination which includes correct procedural terminology, ICD-10, and HCPCS manuals will be used as resources to interpret guidelines for appropriate diagnostic and procedural codes, as well as mock patient scenarios. Cost: \$730

Prerequisite: 3 years of experience in Medical Billing and Coding or previous course in Medical Billing and Coding.

REVIEW FOR CERTIFIED PROFESSIONAL CODERS EXAMINATION

This 24 hour course is a review for the CPC National Certification Examination. Correct procedural terminology, ICD-10, and HCPCS manuals will be used as resources to interpret guidelines for appropriate diagnostic and procedural codes as well as mock patient scenarios. Cost: \$307

Prerequisite: Adequate knowledge of medical terminology and two years of medical coding and billing experience, or educational equivalent. Required book: ICD-10-CM for Physicians: 2017: v. 1 & 2.

CERTIFIED NURSING ASSISTANT – 10 Points*

Students enrolled in this state approved course will be trained to provide direct care to patients. Employment opportunities include: Assisted Living, Home Health, Long-Term Care Facilities, Hospitals, and Hospice. CPR is taught as a part of the course. The CPR for BLS course will be taught from 4 pm – 9 pm for the evening students. Cost: \$765

Day Class: 120 Clock Hours **Night Class:** 126 Clock Hours

IMPORTANT NOTE ABOUT CRIMINAL BACKGROUND CHECK AND DRUG SCREEN:

Applicants cannot be on the Abuse Registry or have a theft conviction. Prior to class, applicants must provide Mrs. Linda Hafley with a background check from TrueScreen, and a 10 panel drug screen from any lab or medical primary care provider, clinic or health department. **The drug screen must be submitted directly from the vendor.**

Please visit <http://www.tcatknoxville.edu/cna> for **important** information about a required Physical, TB Skin Test, Drug Screen, and Criminal Background Check. You will also find a more thorough supply list and cost breakdown!

CPR TRAINING AND RECERTIFICATION

This 5 hour course teaches the skills of CPR for victims of all ages in Basic Life Support (BLS) for healthcare providers through the American Heart Association. All CPR courses are strictly limited to 16 participants. Students are strongly encouraged to purchase 2015 BLS Provider Manual prior to course. Cost: \$73.50

E.K.G. TECHNICIAN – 10 Points*

This is a 49 hour course designed for the student to obtain basic knowledge of the electrical activity of the heart, EKG strip analysis, how to administer a 12 Lead EKG, and prepare patients for Holter or ambulatory monitoring. Additionally, graduates will be qualified for the optional certification exam offered by the National Healthcareer Association (NHA). Cost: \$558

Prerequisite: Students must be 18 years of age and possess a High School diploma or GED equivalent.

I.V. THERAPY

This is a 40 hour course based on INS standards for licensed nursing professionals, LPN or RN, or for the Practical Nursing Graduate. Cost: \$347

Prerequisite: Students must be a currently licensed LPN or RN, or a Practical Nursing Graduate awaiting state board licensing Confirmation.

MEDICAL TERMINOLOGY WITH ANATOMY & PHYSIOLOGY – 10 Points*

Learn basic medical terms as they relate to the human body in this 40 hour course. Applicants of the Health Occupations programs are encouraged to take advantage of this program. Cost: \$285

PHLEBOTOMY – 10 Points*

Phlebotomy is a 49 hour course designed for Allied Health workers who need to learn the clinical skill of Phlebotomy. Students will review universal precautions, specimen requirements, laboratory policies, and veni and capillary punctures. Students will learn from practicing live sticks on each other. Additionally, graduates will be qualified for the optional certification exam offered by the National Healthcareer Association (NHA). Cost: \$596

Prerequisite: A regular high school diploma or GED AND a current CPR Certification in Basic Life Support (BLS) through the American Heart Association. **YOU MUST BRING BOTH OF THESE DOCUMENTS TO REGISTER for class!**

Important note about blood borne pathogens: Due to the nature of this course, a current series of the Hepatitis B vaccine is strongly recommended!

AVAILABLE ONLINE PART-TIME COURSES

IMPORTANT NOTES: If you are taking classes to earn points for the Fall 2017 Medical Assisting, Practical Nursing, or Surgical Technology Program, you must complete your courses for points by program's application deadline.
