

EARN 3 FIBER OPTIC CERTIFICATIONS IN 7 DAYS

OCTOBER 26 - NOVEMBER 1, 2020

SANCTIONED BY THE FIBER OPTIC ASSOCIATION (FOA), THE LARGEST PROFESSIONAL SOCIETY OF FIBER OPTICS IN THE WORLD. FOA COURSES OFFERED BY BDI DATALYNK ARE RECOGNIZED BY THE US DEPARTMENT OF LABOR.

CFOT - BASIC FIBER OPTIC TRAINING COURSE

Monday - Wednesday, October 26-28, 2020, 8:00 am - 5:00 pm

The student will find that the Basic CFOT Course from BDI DataLynk offers a real world approach to fiber network understanding. This fiber optic training course is a prerequisite to the courses below.

CFOS/T - CERTIFIED FIBER OPTICS SPECIALIST IN TESTING & MAINTENANCE

Thursday - Friday, October 29-30, 2020, 8:00 am - 5:00 pm

This specialist program focuses on the testing and maintenance of singlemode networks. With emphasis on the OLTS and OTDR, this course presents extreme, real world challenges to the attending student.

CFOS/S - FIBER OPTICS SPLICING SPECIALIST CERTIFICATION

Saturday - Sunday, October 31-November 1, 2020, 8:00 am - 5:00 pm

This specialist program focuses on mechanical and fusion splicing of fiber optics networks. The student will be expected to build their own fiber network using a variety of mechanical and fusion-splicing techniques.

TUITION:

\$2,150 - Course may be eligible for WIOA funds
